Breakfast begins daily at 8:00 a.m. and ends at 8:25a.m. ***Any student who arrives late will not receive a breakfast unless the student arrives on a late bus.*** All students will have a designated lunch period for their grade level. Any food allergies must be reported to the Office Manager at time of enrollment to ensure the proper accommodations are made for the student. Students also have the option to pack their lunches if desired.

Title 1 Services

Eagle Elementary is a School Wide Title 1 funded school. Students can qualify for Title 1 services after academic performance data is analyzed. Title 1 services are put in place to provide support to students who struggle academically and need additional academic services to improve overall performance in Math and Reading. A quarterly data analysis is completed by administration and Title 1 staff to provide proper support to meet the academic needs of each student that qualifies. Students who receive Title 1 services are given opportunities to test out of the services if appropriate growth is recorded.

Notice of Parent's Right to Know

You have the right to know about the teaching qualifications of your child's classroom teacher in a school receiving Title I funds. The federal Every Student Succeeds Act (ESSA) requires that any school district receiving Title I funds must notify parents of each student attending any school receiving Title I funds that they may request, and the district will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum, the following: I. Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; II. Whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and III. Whether the teacher is teaching in the field of discipline of the certification of the teacher; IV. Whether your child is provided services by paraprofessionals and, if so, their qualifications. You may ask for the information by returning this letter to the address listed above or you may e-mail your request to info@eagleelementary.org.

Testing

Students enrolling for grades K-5 will complete an assessment in Reading and Math for the grade they are enrolling in. Administration will use the data to determine the best setting for the students in our school.

Students at Eagle Elementary are assessed on a weekly basis throughout the school year. Our teachers collect data on each student and use the data to meet the academic needs for every individual in all subjects. Assessment tools include Kindergarten Readiness Assessment (KRA), iReady for grades K-5, Ohio State Assessments (AIR) for grades 3-5, Dibels, K-3 State Diagnostics, and teacher generated assessments. The data is very closely monitored from week to week in order to provide appropriate instruction and support to all students.

The Eagle Elementary is a community school established under Chapter 3314. Of the Revised Code. The school is a public school and students enrolled in and attending the school are required to take proficiency tests and other examinations prescribed by law. In addition, there may be other requirements for students at the school that are prescribed by law. Students who have been excused from the compulsory attendance law for the purpose of home education as defined by the Administrative Code shall no longer be excused for that purpose

upon their enrollment in a community school. For more information about this matter contact the school administration or the Ohio Department of Education.

Homework

The research on homework and its impact on academic achievement is inconclusive at best. There is some research that shows an impact in middle and high school but none that shows a strong impact on elementary students. On the contrary, there is research that shows that homework for elementary students can increase stress, anxiety towards school, lack of quality family time and negatively impact sleep.

These are the school-wide expectations if you chose to assign homework:

- Homework must be purposeful and directly relevant in class- no busywork!
- Homework must be differentiated- the assignment must address the various levels of your class.
- Students will be **rewarded**, not punished, for completing homework- preferably a whole class reward

Field Trips

Field trips may be planned throughout the year for various academic enrichment and extracurricular purposes. Parents may be asked to assist in paying for field trips. Parents will receive advance notice of all such trips. A permission slip must be signed by a student's parent/guardian for the student to participate in a field trip.

Students without signed permission slips will remain at the school in another class. Participating students will be provided a bagged lunch if participating through the school's regular lunch program. **Babies and children who are not enrolled in the school, may not accompany parents assisting the field trip.**

Equal Education Opportunity

It is the policy of Eagle Elementary to provide an equal education opportunity for all students.

Any person who believes that Eagle Elementary or any staff person has discriminated against a student on the basis of race, color, creed, age, disability, religion, gender, ancestry, national origin, or other protected characteristics, or social or economic background, has the right to file a complaint can be made in writing to the Academy's Principal.

The complaint will be investigated and a response, in writing, will be given to the concerned person within 30 days. Under no circumstances will the Academy threaten or retaliate against anyone who raises or files a complaint.

Grade Level Placement, Promotion and Retention Policy

The Eagle Elementary recognizes that the personal, social and academic growth of children will vary, and they should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

Currently enrolled students will be promoted to the succeeding grade level when she/he has in the opinion of the professional staff, achieved the instructional objectives set for the present grade; and demonstrated the degree of social and emotional maturation necessary for a successful learning experience in the next grade.

Decisions regarding a student's promotion and/or placement will be determined on an individual basis. No less than 2 measures from the below list will be used to make a determination regarding promotion and/or placement within the academy.

- Academic Report Card
- K-3 Diagnostics
- iReady
- State Assessments (AIR)
- DIBELS
- KRA
- Teacher Recommendation
- Personalized Student Achievement Plan

Students who are placed or retained below chronological grade level may be required to participate in some or all of the following interventions:

- After School Tutorial
- Summer School
- Individual Assistance through the Intervention Assistance Team

Individuals with Disabilities Education Act (IDEA) of the Rehabilitation Act

Students who are identified disabled under the IDEA of the Rehabilitation Act or a Section 504 Will be promoted or retained in accordance with their performance as well. The progress towards meeting individual IEP goals will be the primary measure to determine promotion or retention.

School Wide Expectations

The following concept is a part of our school's culture and will be the guidelines that will allow us to create the school climate that we know is essential for students to be successful.

Positive Behavior Interventions and Supports (PBIS) is a school-wide system for explicitly teaching appropriate behaviors and expectations in a positive manner.

We will S.O.A.R!

Safe- students are expected to be safe to themselves, others, and the school to foster a safe learning environment for all

Organized- students are expected to be organized with their belongings, work completion, and other aspects required to be successful in school

Accountable- students are expected to be accountable for their learning and their actions

Respectful- students are expected to be respectful to themselves, others, and the school to foster a safe learning environment for all

DRESS CODE

While fashions change, the reason for being in school does not. Students are in school to learn. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted. Personal expression is permitted within these general guidelines.

****HOODIES may be worn to school but students must refrain from wearing the hood on their head inside the classroom.**

If a student has selected a manner of appearance that is disruptive to the educational process or presents a risk to themselves or others, they may be removed from the educational setting.

CODE OF CONDUCT

Schools must set boundaries that will ensure all students experience a safe, orderly and productive environment. Schools' ability to ensure this experience is influenced greatly by individual and school-wide discipline.

The code of conduct is the behavioral framework by which Eagle carries on its day to day operations. The code reflects academic standards and the right for every student to learn in a non-threatening environment.

Students must follow the School's Code of Conduct before, during, and after school, as well as in school buildings, on school grounds, at school-related activities, at breakfast and lunch, and on the way to and from these activities. Students may also be subject to discipline, regardless of where misconduct occurs, if the misconduct is directed at School staff or their property. Students' behavior must not keep any of the members of the school community from doing their jobs.

The code that appears on the following pages governs the most serious and obvious types of student misconduct. The prohibited acts listed in the code are examples of the types of misconduct likely to result in discipline. This list should not be construed as all-inclusive, nor is the list to be seen as a limitation upon the authority of school officials to deal appropriately with violations of school rules and regulations or with other types of conduct that interfere with the good order of Eagle, the proper functioning of the educational process, or the health and safety of students, staff and visitors.

The administrators of Eagle Elementary will issue consequences and enforce violations of the Code of Conduct. It is our goal to treat each situation consistently; while also taking into consideration the unique nature of each incident of misconduct and the restorative discipline needs of the individual student and the population as a whole. The Eagle administrators reserve the right to make decisions based on experience and knowledge of individual cases.

Progressive Discipline

Anti-Harassment, Intimidation, and Bullying Policy

The School prohibits acts of harassment, intimidation, or bullying (including cyber-bullying) of any student on school property or at school-sponsored events (any event conducted on or off School property, including School buses and other School related vehicles, that is sponsored, recognized or authorized by the Board). A safe and civil environment in the School is necessary for students to learn and achieve high academic standards. Harassment, intimidation and bullying, like other disruptive or violent behaviors, are conduct that disrupts both a student’s ability to learn and the School’s ability to educate its students in a safe environment. Since students learn by example, school administrators, faculty, staff, and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate bullying.

“Harassment, intimidation, or bullying” means either of the following: (1) any intentional, written, verbal, electronic, graphic, or physical act that a student or group of students has exhibited toward another particular student more than once, and the behavior both causes mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student; or (2) violence within a dating relationship. The definition of “harassment, intimidation, or bullying” also includes the above described acts which are electronically generated, stored or transmitted, sometimes called “cyberbullying.”

The School reserves the right to discipline students’ off campus behavior which substantially disrupts the School’s educational process or mission, or threatens the safety or well-being of a Student or Staff member. Factors which may be considered in determining whether the behavior warrants discipline include, but are not limited to, the following: (1) whether the behavior created material and substantial disruption to the educational process or the School’s mission due to the stress on the individual(s) victimized or the time invested by Staff in dealing with the behavior or its consequences; (2) whether a nexus to on-campus activities exists; (3) whether the behavior creates a substantial interference with a Student’s or Staff member’s security or right to educate and receive education; (4) whether the behavior invades the privacy of others; or (5) whether any threat is deemed to be a true threat by the administration or Board, using factors and guidelines set out by the courts or by common sense, reasonable person standards.

Some acts of harassment, intimidation, bullying, and cyber-bullying may be isolated incidents requiring that the school respond appropriately to the individuals committing the acts. Other acts may be so serious or part of a larger pattern of harassment, intimidation, bullying, or cyber-bullying that they require a response either in the classroom, School building, or by law enforcement officials. Consequences and appropriate remedial actions for students who commit an act of harassment, intimidation, bullying, or cyber-bullying range from positive behavior intervention up to and including suspension or expulsion. Due process procedures for suspension and expulsion will be followed, as provided for under R.C. 3313.66. The disciplinary procedures and Code of

Conduct of the School shall be followed and shall not infringe on any student's First Amendment rights under the United States Constitution.

All school personnel, volunteers, and students are required to report prohibited incidents of which they are aware to the Principal or his/her designee. All other persons may report prohibited incidents of which they are aware to the Principal or his/her designee. Anonymous communications, if necessary, may be made by telephone, electronic mail, or in writing. The Principal or his/her designee is then responsible for determining whether an alleged incident constitutes a violation of this policy. In so doing, the Principal or his/her designee shall conduct a prompt and thorough investigation of the reported incident, and prepare a report documenting the prohibited incident that is reported (See **Appendix 264.1-A** Form for Reporting Incidents of Harassment Intimidation and Bullying). Once an investigation is completed, if the reported incident has been substantiated, the Parent of any Student involved in the prohibited incident shall be notified. To the extent permitted by R.C. 3319.321 and the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. 1232g), Parents have access to any written reports pertaining to the prohibited incident, and, if the School has a website, the School shall post this summary of reported incidents on the School website. Semiannually, the Principal will provide the Board President with a written summary of all reported incidents. All School personnel, volunteers, and Students shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy promptly and in good faith.

The School prohibits reprisal or retaliation against any victim or person who reports an act of harassment, intimidation, or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the Principal or his/her designee after consideration of the nature and circumstances of the act, in accordance with School policies and procedures.

Students are prohibited from deliberately making false reports of harassment, intimidation, or bullying, and Students who deliberately do so will be disciplined up to and including suspension or expulsion.

The School shall implement the following strategy for protecting victims from new or additional harassment, intimidation, or bullying, and from retaliation: supervise and discipline offending students fairly and consistently; provide adult supervision during recess, lunch time, bathroom breaks and in the hallways during times of transition; maintain contact with parents and guardians of all involved parties; provide counseling for the victim if assessed that it is needed; inform School personnel of the incident and instruct them to monitor the victim and the offending party for the indications of harassing, intimidating and bullying behavior. Personnel are to intervene when prohibited behaviors are witnessed; check with the victim daily to ensure that there has been no incidents of harassment, intimidation, bullying, or retaliation from the offender or other parties.

Harassment, intimidation, and bullying behavior can take many forms and can vary dramatically in seriousness and impact on the targeted individual and other students. Accordingly, there is no one prescribed response to verified acts of harassment, intimidation, and bullying. While conduct that rises to the level of "harassment, intimidation, or bullying" will warrant disciplinary action whether and to what extent to impose disciplinary action (*i.e.*, detention, in- and out-of-school suspension, or expulsion) is a matter left in the professional discretion of the Principal. The following procedure sets forth possible interventions for the Principal to enforce the prohibition against harassment, intimidation, or bullying. Anonymous complaints that are not otherwise verified, however, shall not be the basis for disciplinary action.

1. Non-Disciplinary Interventions

When verified acts of harassment, intimidation, or bullying are identified early and/or when such verified acts do not reasonably require a disciplinary response, students may be counseled as to the definition of harassment, intimidation or bullying, its prohibition and their duty to avoid any conduct

that could be considered harassing, intimidating or bullying. If a complaint arises out of conflict between students or groups of students, peer mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. The victim's communication and assertiveness skills may be low and could be further eroded by fear resulting from past intimidation and fear of future intimidation. In such cases, the victim should be given additional support. Peer mediation may be deemed inappropriate to address the concern at the discretion of the School administration.

2. Disciplinary Interventions

When acts of harassment, intimidation, and bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. In- and out-of-school suspension may be imposed only after informing the accused perpetrator of the reasons for the proposed suspension and giving him/her an opportunity to explain the situation. Expulsion may be imposed only after a hearing before the Board of Directors, a committee of the board or an impartial hearing officer designated by the Board of Directors in accordance with Board policy. This consequence shall be reserved for serious incidents of harassment, intimidation, or bullying, and/or situations where past interventions have not been successful in eliminating prohibited behaviors.

Nothing in this policy prohibits a victim from seeking redress under any provision of Ohio law that may apply.

To the extent state or federal funds are appropriate, the School shall require that all students enrolled in the School be provided with age-appropriate instruction of this policy annually, including a written or verbal discussion of the consequences for violations. The School may form a prevention task force and/ or programs to educate students about this policy, such as holding an assembly on harassment, intimidation and bullying for Parents and Students, to raise the level of awareness and help prevent the prohibited conduct.

The School shall incorporate training on this policy into the in-service training required under R.C. 3319.073. The School may provide training, workshops, or courses to other Staff and volunteers who have direct contact with students.

Restorative Discipline

Source: Orange County School District

Restorative Discipline (RD) is an approach that focuses on building relationships, empathy, and righting a wrong. Traditional punishments may stop an unwanted behavior in the moment but does not lend to teaching necessary social skills required to be successful in schools and everyday society. Restorative Discipline teaches students rules to live by while holding themselves accountable for their actions.

Eagle Elementary uses a Restorative Discipline approach school wide. Students will participate in morning meetings, where they will learn skills necessary to regulate their emotions and handle conflict among peers. This is the preventive aspect to RD.

When there is an issue, students will work with those involved (peers, teachers, etc.) answering these essential questions-

1. Who has been hurt?
2. What are their needs?
3. What caused the hurt?
4. What is needed to make things right?

Classroom Management

Teaching and learning can only occur in an orderly environment. Within the classroom, teachers take time to build relationships with each child, get to know their interests, and help them identify goals for the future.

"No significant learning occurs without a significant relationship" - James Comer

We know that students must feel safe, be heard, and be engaged in order to learn. Teachers will explicitly teach and allow students to practice S.O.A.R expectations throughout the school year. When a student is not following schoolwide expectations, teachers will work with the student and family to address behavioral concerns.

Our goal is for all students to be actively engaged in their learning. However, if a student habitually disruptive or unsafe in this learning environment, he/she may be removed from the regular class setting.

Bus Infractions

All bus infractions will be handled according to the Code of Conduct. Students can and will be suspended from riding the bus. Busing is a privilege and can be revoked depending on the number of infractions, and the type

of infractions.

Suspension

Students who engage in serious misconduct or have accumulated a record of misconduct that, in the Principal's view, reflects unwillingness to abide by school rules, the Principal will recommend suspension of up to 10 days. ***Students who are suspended will continue to do assigned work while suspended; however, it will only count towards partial credit towards their grade.*** Suspensions may be appealed to the Board of Directors.

Expulsion

Students may be expelled for certain serious conduct for up to 80 days, or in limited circumstances up to one year. The principal shall consider the age of the student, his or her prior discipline record, the seriousness of the behavior, the intent of the student, and if the health, safety, and welfare of other students and or staff have been in danger. Expellable infractions include but are not limited to, alcohol on property; arson; battery; breaking and entering; bomb threats; explosives on property; drug possession, use, or sale; false fire alarm; use or possession of a firearms (mandatory one year expulsion); inciting, leading, or participating in any act which substantially disrupts the orderly of school or a school function; theft over \$300 in value; vandalism over \$1,000; sexual harassment ; violation of re-entry plan; and making a direct threat by word or act to do violence or cause harm to any person or school property.

Expulsion Process

1. Parent will be notified of the School's intent to expel, including the reason for the expulsion
2. Expulsion hearing will be scheduled within 3-5 days of the notice of intent to expel.
3. The Superintendent will conduct an informal hearing regarding the expulsion. Parent/guardian and student can attend hearing, however it is not mandatory.
4. If the Superintendent determines that expulsion is appropriate, parents/guardians have the right to request an appeal to the Board. Parents/guardians have 14 days from the hearing to request an appeal.
5. If the parent/guardian exercises his/her appeal rights, the Board will hear the appeal.

Removal (Emergency removal from school pending parent meeting)

Any time students are sent to the Principal for disciplinary consequences, a Referral Form will be generated. This form briefly describes the behaviors that caused the student to be removed from class, hallway, playground, breakfast/lunchroom or bus. The Principal keeps an electronic record of all infractions.

If a student causes danger or continuing threat of danger to any person or property, or poses an ongoing disruption to the academic process taking place, the Principal, or designee, will have them removed from immediately by a parent. Removals may also be necessary if a student is threatening self-harm.

Corporal Punishment Policy

No school employee or agent of the school shall cause corporal punishment to be inflicted upon a student to reform unacceptable conduct or as a penalty for unacceptable conduct. However, within the scope of employment, school employees may use reasonable force and restraint to when necessary to prevent the child from injuring himself/herself, others, or property or to prevent bodily harm or death to another.

Searches

The following section delineates The School's policy relative to searches. Within the context of this section "personal possessions" includes, but is not limited to, purses, backpacks, book bags, packages, and clothing. "Reasonable suspicion" means that a school official has grounds to believe that the search will result in evidence of a violation of school policy, rules, and/or law, and the search is reasonably related in scope and not excessively intrusive in light of the student's age, sex and the nature of the suspected offense.

Personal Possessions and a Student's Person

The personal possessions of students and/or a student's person may be searched when school officials have a reasonable suspicion that the search will disclose a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

Parent Involvement and Communications

Volunteering

Parents are encouraged to participate in school-related activities, including those pertaining to curriculum and instruction, such as assisting with workshop groups and storytelling. Volunteers may also be involved in student drop-off and pick-up, and assisting with school events. In addition, parents are encouraged to contribute their time and talent to organizing extracurricular activities and community outreach projects. A log of volunteer hours is kept in the school office. A recognition night for volunteers is held at the end of the year.

All volunteers must complete an Application for Employment and a Character Questionnaire, and each must be fingerprinted (for federal and state clearance). Volunteers receive structured training and must follow all policies and procedures defined by the School. If activity occurs that is not in keeping with the school policies, the Principal has the right to relieve the volunteer of his or her responsibilities.

Parent Conferences

Formal parent/teacher conferences are scheduled twice a year to facilitate open communication between parents and teachers regarding students' progress. Letters will be mailed home two weeks prior to the conference week. Conference Dates have been scheduled on the School's calendar. Additional conferences may be requested at any time with your child's teacher.

Eagle Elementary maintains an open-door policy, and parents are encouraged to visit their children's classrooms to see them in action. We do ask that parents notify the office at least 24 hours prior to visiting the school so as to keep disruptions to a minimum. Informal conferences or conversations are encouraged and may also be scheduled with teachers or school leaders at any time throughout the year.

Parent Newsletters

Parents will receive monthly newsletters from the Principal with announcements of upcoming events and School-wide activities. These will always be sent home on the first day of the month. Each parent will receive a calendar of events for the entire school year, the second week of school.

Progress Reports and Report Cards

Progress reports and Report cards will be sent to parents two times during the quarter to provide specific information about student progress in each subject. At the end of each quarter, parents will receive report cards with cumulative data on their children's performance and progress.

Textbooks and Supplies

Eagle Elementary furnishes textbooks and instructional materials that remain school property. Parents will be required to reimburse the school for lost or damaged books, before new books are issued. Students are asked to furnish some of their own supplies.

School-Family Compact

The School and all Parents and family members (family) of students, including the family of the students participating in activities, services, and programs funded by Title I, Part A of the Elementary and Secondary Education Act ("ESEA"), agree that this compact outlines how the family, the entire school staff, and the students will share the responsibility for improved student academic achievement and the means by which the school and family will build and develop a partnership that will help children achieve the State's high standards.

This school-family compact is in effect during the school year _____.

School Responsibilities

The School will:

1. Provide high quality curriculum and instruction in a supportive and effective learning environment that enables the participating children to meet the State's academic standards as follows: Eagle Elementary uses current research based curriculum, teaching practices, and data driven instruction to ensure each student's needs are met.
2. Hold parent-teacher conferences at least annually during which this compact will be discussed as it relates to the individual child's achievement. Those conferences will be held in November and March.
3. Provide family with frequent reports on their children's progress. Specifically, the school will provide interim report cards quarterly.
4. Provide family reasonable access to staff. Specifically, staff will be available for consultation by email (located on our website) and scheduled appointments.
5. Provide family opportunities to volunteer and participate in their child's class, and to observe classroom activities, as follows: Parents are encouraged to volunteer in class or during school events.
6. Treat all members of the School's family with respect and dignity.
7. Know the curriculum and state standards.
8. Establish clear rules for acceptable behavior, class participation, grades and assignments.
9. Discipline students in a fair and consistent manner.

Family Responsibilities

We, as family, will support our children's learning in the following ways:

1. We will treat all members of the School family with respect and dignity.
2. We will know and understand school rules and cooperate with school personnel in the enforcement of school rules.
3. We will support the school's policy toward any physical aggression.
4. We will communicate our comments, questions, and concerns to the appropriate personnel.
5. We will send our child to school in accordance with the school dress code.

6. We will attend any meeting concerning the welfare and well-being of our child, including report card conferences, IEP meetings, and any other intervention meetings.
7. We will send our child to school on time and on a regular basis as required by the law.
8. We will inform the school of change of phone numbers and addresses.
9. We will support the completion of all homework and our child's reading for 15 minutes daily.
10. We will monitor the amount of television our child watches.
11. We will participate, as appropriate, in decisions relating to our child's education.
12. We will stay informed about our child's education and communicate with the school by promptly reading and responding to all notices from the school.
13. We will serve; to the extent possible, on policy advisory groups, such as being the Title I, Part A parent representative on the School's School Improvement Team, the Title I Policy Advisory Committee, the Policy Advisory Council, the School Support Team, or other school advisory or policy groups.
14. We will be sure that our child attends all Extended Day Educational Services, such as tutoring sessions before or after school or during weekends. We recognize that those supplemental activities are a required part of the child's educational program and the School curriculum and the failure to assure a child's attendance at such sessions could result in retention or discipline under school policy.

Student Responsibilities

I, as a student, will share the responsibility to improve our academic achievement and achieve the State's high standards. Specifically, I will:

1. Do my work every day and ask for help when I need to.
2. Read at least 15 minutes every day outside of school time.
3. Give my family or the adult who is responsible for my welfare all notices and information received by me from my school every day.
4. Take ownership in my learning by advocating for me learning needs.

Attendance Policy

Students at the Eagle Elementary must attend school in order to learn! They must come to school daily, and they must be on time. ***State law is clear: No parent, guardian, or person having care of a child of school age shall violate any provision of those laws which govern school attendance.***

Please refer to **Section 3321.28** of the Ohio Revised Code, ***Failure to Send***, and the Revised Code of Senate Bill 181 if there are any questions concerning the laws on attendance.

Excused Absences

The following are examples of valid reasons for non-attendance and apply only to the students who are enrolled and have been in attendance:

- Personal illness
- Illness in the family
- Quarantine of the home
- Death of a relative
- Medical & Dental appointment

- A family emergency or set of circumstances which, in the judgment of the Principal, constitutes a good and sufficient cause for absence in school.

Any time your child is absent, you must call the school the morning of the absence and report the reason your child will not be in school. The number to the school is 330-773-1100

When a student is absent, documentation/verification must be provided. A note signed by a parent or guardian must be sent with the student upon his/her return to school and the Principal must approve the absence in order for the absence to be considered excused. **A student absent for three (3) consecutive days will require a physician's statement as to the nature of the child's illness.**

Unexcused Absences

Absences not recognized by the law or approved by the Principal will be considered unexcused. After the third unexcused absence, a letter will be sent by mail to inform parents/guardians of their child's status. If the school's efforts do not lead to a correction of the situation, at the fifth unexcused absence, another letter will be sent home and the school will contact the parents/guardians regarding the absences. At the eighth unexcused absence, a referral will be sent to the appropriate authorities so legal action can be initiated.

Tardiness

Students are expected to be punctual and respectful of other people's time. Tardiness not only impacts the beginning of the child's day, but it is also disruptive to the class and infringes upon the rights of others. Habitual tardiness will not be permitted. After the third tardy, a letter will be sent home to parents to inform them of their child's status. At the sixth tardy, another letter will be sent home to parents and the school will contact parents/guardians regarding the tardiness.

****In addition, all absences that total 72 hours of missed instructional time can and will be reported to the Summit County Juvenile Court.**
